

Product information

Sandip Electronics and Automation (SEA)

SEA, is offering services as a well-established manufacturer and exporter of Process Control and Automation products with unparalleled sophistication and expertise. Our products are Eco-friendly, RoHS compliant. Brand has been built on this strong foundation over the past few years signifying reliability, quality and value for money.

APPLICATIONS:

- 2 contactor Logic ATS
- Motorized Source Changeover Contactor (Socomec, HPL, etc)

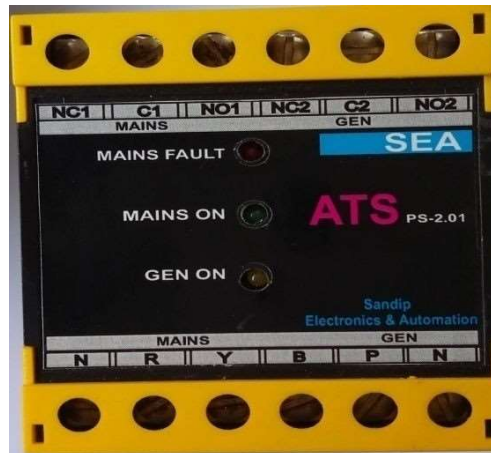

FEATURES:

- Monitors :
 - Mains 3ph supply
 - Generator supply
- Both mains and generator controller
- Over and Under voltage trip
- ON delay timer
- 2 SPDT output relays
- Design with latest & advanced controller technology

BENIFITS:

- No need of use separate two controllers
- Simple wiring reduces assembly time
- Prevent contactor coil
- Rigid SMPS technology
- Reliability reduces site visiting

PS-2.01

Supply	Mains 3Φ-4wire & Genset supply 1Φ
Output contacts	1 C/O + 1 C/O 5A, 230 V
Trip Levels	
Mains Healthy Sense Time	4 sec
DG Phase Healthy Sense Time	4 sec
Changeover Time	3 sec
Mains Over voltage Trip	270 V
Mains Under voltage Trip	180 V
DG Over voltage Trip	270 V
DG Under voltage Trip	160 V
Reverse Phasing	Enable
Asymmetry	30 V
LED Indicators	
Green	Mains O/P Relay ON
Red	Mains Fault
Yellow	Gen. O/P Relay ON
Power Consumption	≤1W
Dimensions	110*60*70mm
Mounting	DIN Rail/Base

Also available in single phase

Connections:
